

PROFILE

A Computer Engineer with foundational knowledge in programming, hardware–software integration, and working with microcontrollers and computer systems gained through academic projects and laboratory activities. Highly motivated, detail-oriented, and eager to apply problem-solving skills and technical knowledge in real-world engineering and technology environments.

OBJECTIVES

- To obtain a challenging position in a professional organization where I can contribute to the company's goals while continuously developing my knowledge, capabilities, and professional experience.
- To work in a dynamic and diverse environment where I can take on new challenges, learn from experienced professionals, and consistently deliver high-quality results.
- To build a long-term professional career by demonstrating commitment, adaptability, responsibility, and a strong willingness to learn and grow within the organization.

CERTIFICATION

- Cisco Introduction to Cybersecurity 2025
- Cloud Telephony: Revolutionizing Modern Communication Systems 2026
- Modern AI Transforming the Future Through Intelligent Technology 2026

EXPERIENCE

Academic Projects

- Designed and implemented small-scale hardware and software projects using microcontrollers.
- Developed and designed responsive academic websites using HTML, CSS, and JavaScript, focusing on clean layouts, user-friendly interfaces, and mobile compatibility.
- Applied basic troubleshooting techniques to identify and resolve common computer problems involving hardware, software, connectivity, and system configuration.
- Created and edited 2D and 3D technical drawings using AutoCAD while applying proper dimensions, layouts, and basic drafting principles.
- Proficient in using Microsoft Word, Excel, and PowerPoint.

ACADEMIC QUALIFICATION

**Bachelor Of Science In Computer
Engineer**
Laguna State Polytechnic University
2022 - 2026

SKILLS

- Frontend Development (HTML, CSS, JavaScript)
- Basic Computer Troubleshooting
- Basic Computer Hardware & Software Knowledge
- Basic Computer Networking (LAN, IP Addressing, Network Configuration)
- Proficient in Microsoft Office
- AutoCad 2D & 3D Software
- Willingness to Learn
- Time & Report Management
- Team Collaboration
- Problem Solving
- Good Communication

LANGUAGES

- Tagalog
- English
